- 7 That HCF shall not extract ground water without prior permission from the Central Ground Water Authority.
- 8 That this consent to operate is subject to the post audit of pollution control measures and consent conditions. In case the occupier is found to have flouted consent conditions or not having adequate pollution control measures during inspection, the consent will be revoked and direction shall be issued under section 33 A of the Water Act.
- 9 That HCF shall not utilize any ozone depleting substances.
- 10 That Hospital shall establish a Bar- Code System for bags or containers containing bio-medical waste to be sent out of the premises for the further treatment and disposal.
- 11 That this consent will not be used as an evidence for ascertaining the land title and its use.
- 12 That the HCF shall submit copy of valid membership certificate from CBWMTF time to time in the Regional Office, Bikaner.
- 13 That the water flow meters shall be provided at all suitable points to measure quantity of daily water received, water consumption, waste water generation, waste water treated and treated waste water shall be recycled and utilized for plantation/gardening purpose. Daily record of the same shall be maintained and submitted to the Board.
- 14 As per the prevailing rules/guidelines issued by the regulatory authority. Use of solar panels also may be done to the extent possible.
- 15 That no treated/untreated effluent will be discharged inside or outside the facility premises and all the treated waste water will be utilized for plantation and other gainful purpose inside the facility premises.
- 16 That the hospital shall install adequately designed Rain Water harvesting Structure for prevention and recharge of ground water in and around the area.
- 17 That infected hospital liquid waste must be given chemical treatment by using at least 10% hypochlorite solution or any other equivalent chemical reagent to ensure required disinfection.
- 18 That the hospital shall comply with the standards for treatment & disposal of Bio-medical waste as specified under schedule 7 of Bio Medical Waste Management Rules 2016.
- 19 That the hospital shall maintain adequate height of stack along with acoustic enclosure with D.G. Sets of (160 KVA). No additional air pollution source shall be installed without prior permission of the Board.

- 20 That the hospital shall obtain environmental clearance from competent authority under EIA notification dated 14.09.2006 for any such activity which attracts Environmental Clearance under EIA Notification dated 14.09.2006.
- 21 That this authorization shall be subject to compliance of directions or order passed by National Green Tribunal (NGT)/court of law in the matter, if any.
- 22 That any incorrect information submitted in the application form or declaration shall make the hospital liable for legal action under section 42 of the Water Act and Section 38 of the Air Act.
- 23 That the total water consumption for the hospital shall not exceed - 141 KLD without prior permission from the state board.
- 24 That the hospital shall not allow making any obsoles to any natural water flow i.e. natural nallah/stream carrying rain water to any water body.
- 25 That this Consent to Operate is valid for 100 beds and one DG Set of 160 KVA Capacity only. For any change in capacity of the service & area, the hospital has to seek fresh consent.
- 26 That the entire treated sewage shall be utilized within premises for flushing horticulture/plantation etc. and zero discharge status shall be maintained outside the premises.
- 27 That the hospital shall maintain & operate STP of 120 KLD capacity to treat the domestic waste water generated from hospital activities & other utilities to achieve the standards prescribed under the EPA, 1986.
- 28 That the hospital shall not use chlorinated plastic bags, gloves and blood bags as per notification of the BMW Rules, 2016.
- 29 That not withstanding anything provided hereinabove, the State Board shall have power and reserves its right, as contained under section 27(2) of the Water Act and under section 21(6) of the Air Act to review anyone or all the conditions imposed here in above and to make such variation as it deemed fit for the purpose of Air Act & Water Act.
- 30 That the grant of this Consent to Operate is issued from the environmental angle only, and does not absolve the project proponent from the other statutory obligations prescribed under any other law or any other instrument in force. The sole and complete responsibility to comply with the conditions laid down in all other laws for the time-being in force, rests with the industry/unit/project proponent.
- 31 That the grant of this Consent to Operate shall not, in any way, adversely affect or jeopardize the legal proceeding, if any, instituted in the past or that could be instituted against you by the State Board for violation of the provisions of the Act or the Rules made thereunder.
