Sub: Curriculum for proposed Implantology Course @ SDC & RI

Respected Sir,

Based on the repeated requests from the Post-Graduate trainees of the dept. of OMFS as well as to complete the need for their curriculum-based training in the department, I have curated a 3-Module Implantology Course specifically designed to suit their academic as well as clinical practice requirements.

The complete course will be structured to cover basics of relevant topics pertaining to a detailed understanding of the science and the practice of Implantology.

Each module (of 3 days spread across Sat-Sun-Mon preferably) would be of approximately 4-5 hours duration, preferably after regulated college working hours (maybe 4.30pm to 8.30pm).

Attached is the format of the course for your kind review and opinion.
Regards

Dr Jeevan C A
