No.	Event Report
1.	<p>Name & Level of events-</p> <p>BASIC LIFE SUPPORT COURSE (2021)</p> <p>06/09/2021-09/09/2021</p> <p>Level- College Level</p> <p>(Post Graduate and Under Graduate Students)</p>
2.	<p>Background/Introduction</p> <p>Basic Life Support (BLS) is defined as <i>“maintaining airway patency and supporting breathing and the circulation without the use of equipment other than a protective device”</i></p> <p>Basic Life Support is used to help patients who have suffered a cardiac arrest. This means their heart has stopped beating so blood is not being pumped around the body.</p> <p>Basic Life Support involves performing chest compressions and rescue breaths. By performing chest compressions you are pushing blood around the body, and rescue breaths push oxygen into the lungs. This process keeps the vital organs supplied with blood.</p> <p>Anyone can learn to perform Basic Life Support (BLS) and this is often a core topic on first aid courses. Prompt BLS is incredibly important when a patient suffers a cardiac arrest.</p> <p>Once emergency medical services arrive they will continue Basic Life Support whilst they carry out more advanced interventions (termed ‘Advanced Life Support’ – ALS).</p> <p>Advanced cardiac life support, or advanced cardiovascular life support, often referred to by its acronym, "ACLS", refers to a set of clinical algorithms for the urgent treatment of <u>cardiac arrest</u>, <u>stroke</u>, <u>myocardial infarction</u> (also known as a heart attack), and other life-threatening cardiovascular emergencies.</p> <p>Only qualified health care providers can provide ACLS, as it requires the ability to manage the person's airway, initiate vascular access, read and interpret <u>electrocardiograms</u>, and understand emergency pharmacology. These providers include <u>physicians</u>, <u>pharmacists</u>, <u>paramedics</u>, advanced practice providers (<u>physician assistants</u> and <u>nurse practitioners</u>), <u>respiratory therapists</u>, and <u>nurses</u>. Other emergency responders may also be trained.</p> <p>One of the most important single determinants for quality healthcare provision is the competence of medical/dental practitioner, particularly, when an unexpected emergency arises (Ibnerasa, Hashmi, & Chaudrhy, 2011). Cardiac arrest is a medical emergency requiring immediate Cardio-pulmonary resuscitation (CPR) for survival (Li et al., 2013). Dentist sometimes have to face similar medical emergency requiring CPR during dental procedures. Such emergencies most likely occur during and after local anesthesia, primarily during tooth extraction and endodontics (Carvalho, Costa, & Marcelo, 2008).</p>

	<p>According to Carvalho et al 2008, the frequency of medical emergencies during dental practice are increasing as dentists are seeing an increasing number of elderly and medically compromised patients and are performing more sedation procedures. This justifies the need for every dental practitioner to be able to perform the basics of cardiopulmonary resuscitation (CPR): chest compression and rescue breaths (Laurent et al., 2009), especially when chances of survival of the patient of cardiac arrest are reduced by 7 to 10 percent every minute if CPR is not done on time (Carvalho et al., 2008).</p>
3.	<p>Venue-</p> <p>Skill Lab, Department of Oral and Maxillofacial Surgery</p> <p>Surendera Dental College And Research Institute, Near HH Garden, Sadulshahar road,</p> <p>Sri Ganganagar, Rajasthan</p>
4.	<p>Sponsors-</p> <p>None</p>
5.	<p>Inauguration</p> <p>Four day course was started on 09/09/21 morning at 9:15 AM with welcoming and honoring the chief guests Respected Chairman Mr. Suraj Aggarwal and Respected Managing Director Mr. Gaurav Gupta with bouquet followed by inauguration and lamp lighting ceremony by respected chief guests and respected Principal sir Dr. Sandeep Kumar, Dr. Manisha (HOD, Department of Oral and Maxillofacial surgery) and Faculty members.</p>
6.	<p>Speakers/Judges/Chairman/Panel Team- Brief introduction with their achievements</p> <p>The lectures were presented by Dr. Manisha Solanki (HOD, Department of Oral and Maxillofacial surgery) .</p> <p>Dr. Manisha Solanki is working in Department of Oral Surgery of Surendera Dental College and Research Institute from April 2021 as Head of the department. She had completed her Graduation & post-graduation from Government Dental College, Patiala in the year 2003 and Amritsar in the year 2007 respectively. She has worked as a faculty in Christian Dental College, CMC & Hospital , Ludhiana Punjab for more than 13 years. She has a teaching experience in the field of Oral Surgery Of 14 years and clinical experience of 17 years. She has 9 publications in various national and international journals and had presented papers and had chaired scientific sessions in various conferences. She has organized various CDE Programs and conferences under Punjab Dental Council and Punjab AOMSI.</p> <p>Dr. Hemlata Solanki (Senior Lecturer, Department of Oral and Maxillofacial surgery).</p> <p>Dr. Hemlata Solanki is working in Department of Oral Surgery of Surendera Dental College and Research Institute from December 2021 as Senior Lecturer. She had completed her Graduation from Rajasthan Dental College, Jaipur in the year 2008 and had done Postgraduation from Surendera Dental College in the year 2020. She has 4 publications in various national and international journals.</p> <p>Dr. Abhishekh, Dr. Neha, Dr. Puspapip (Residents, Department of Oral and Maxillofacial Surgery).</p> <p>Judges were: Principal sir Dr. Sandeep Kumar (Professor and Head, Department of Prosthodontics)</p> <p>Dr. Basavraj T Bhagwati (Head of Department of Department of Oral Medicine and Radiology) and</p>

	<p>Dr. Manish Sharma (Head of Department of Department of Oral and Maxillofacial Pathology)</p> <p>Panel Team: Department of Oral and Maxillofacial Surgery</p>
7.	<p>Participants & Delegates- No of participants & delegates/ teams with their names</p>
	<p>Total no of participants- 99 participants including:</p> <p>12 post graduates,</p> <p>1 BDS Staff,</p> <p>45 interns,</p> <p>16 BDS Final Year,</p> <p>16 BDS Third Year ,</p> <p>9 BDS Second Year</p>
8.	<p>Prize distribution etc.- Brief summary of the process</p>
	<p>Certificate distribution to the participants who successfully completed the four day BLS course was done by Respected principal sir Dr. Sandeep Kumar and Dr. Manisha (Head of Department of Department of Oral and Maxillofacial surgery), Dr. Basavraj T Bhagwati (Professor and Head of Department of Department of Oral Medicine and Radiology) and Dr. Manish Sharma (Professor and Head of Department of Department of Oral and Maxillofacial Pathology)</p>
9.	<p>Valedictory Ceremony- Brief of proceedings including chief guest etc and who conducted it</p>
	<p>The day was concluded with distribution of certificates to the participants who successfully completed the four day BLS Course by Respected principal sir Dr. Sandeep Kumar and Dr. Manisha (Head of Department of Department of Oral and Maxillofacial surgery), and Dr. Basavraj T Bhagwati (Professor and Head of Department of Department of Oral Medicine and Radiology) and Dr. Manish Sharma (Professor and Head of Department of Department of Oral and Maxillofacial Pathology). The day was concluded after the photo session of whole batch.</p>
10.	<p>Highlights of the event- Brief about the main highlights of the event.</p>
	<p>Total 99 participants registered for the four day course. On first day (10/09/21) Badges, pen, pretest papers and BLS summary sheets were distributed to the participants. After the participants have filled the pretest papers brief introduction of the course was given to the participants followed by lecture as per the program schedule on Recognition of Arrest and Activation of Team and lecture on chest compression followed by tea Break. After tea break the session again started with video on chest compression on</p>

adults, infant and child followed by demonstration session on chest compression on adult manikin, child and infant manikin (both on floor and bed) and practice by participants was done on manikins till 3:00 pm. The day was concluded after the practice session.

Second day of course started on 10/09/21 at 9:10 AM with lectures as per program schedule on Airway problems and management followed by tea break. After tea break the session again started with video on airway management followed by demonstration and practice by participants of airway management on manikins till 1:30 pm. The day was concluded after the practice session.

Third day course started on 11/09/21 at 9:15 AM with lectures as per program schedule on foreign body obstruction and video session on same followed by tea break. After tea break the session again started with lecture as per program schedule cpr on special condition such as infants, pregnant patients and video session followed by demonstration on foreign body obstruction and management and practice session by the participants till 2:00 pm. The day was concluded after the practice session.

Fourth day course started on 12/09/21 at 09:10 AM with lectures and video session as per program schedule on AED. Revision practice was done by the participants followed by post test followed by tea break. After tea break practical examination was done followed by filling feedback form and distribution of certificates to the participants. The day was concluded after the photo session of whole batch.
