#### To Whom It Might Concern

Dr. Rajinder Chawla has been working as Professor in the department of Biochemistry, Faculty of Medicine, Addis Ababa University for the last four years. He worked in the department from 2<sup>nd</sup> June 2005 to 31 July, 2007 and again from 16<sup>th</sup> December 2007 to 30<sup>th</sup> November, 2009.

He has been involved in teaching Biochemistry to the medical, Pharmacy and nursing undergraduate students of the faculty. He has also participated in postgraduate teaching of biochemistry where he taught the subjects like Advanced Cell Biology, Advanced Enzymology, Endocrinology, Molecular Biology, Instrumentation, Inborn Errors of Metabolism and Integration of Metabolism. He has also been supervisor to a number of M.Sc. students of Biochemistry for their master's research.

Dr. Chawla has been a highly active faculty member of the department and has contributed to the growth and development of undergraduate and postgraduate curriculum of Biochemistry. His participation in the academic activities of the department is well appreciated.

Dr. Chawla bears a high moral standard and is always ready to volunteer suggestions and constructive criticism for the improvements in the department. He keeps very cordial relations with his students and colleagues.

I wish him success in all his future endeavors.

#### To whom it may concern

This is to state that Dr. Indu Chaudhary (Lecturer) is working in the department of Biochemistry at Surendera Dental College & Research Institute, Sri Ganganagar since 21-01-2020.

#### To Whom It May Concern

Dr. Andop Kumar Agarwal joined as Professor in the Department of Pharmacology, College of Medicine on 18th September 2011. During his tenure of more than 6 years at the University I have known Dr. Anoop Kumar Agarwal in my capacity as the Provost of the Gulf Medical University.

I have had multiple opportunities to evaluate his performance as part of the annual appraisal. He is first and foremost an outstanding teacher. The student evaluation of his teaching has been consistently excellent over the years in the many courses he taught across the undergraduate programs like the integrated organ system-based MBBS program; the traditional BPT program; and the credit-bearing programs, particularly DMD, Pharm D, and Masters in Toxicology offered by the university.

He has supervised the thesis work of many graduate students and conducted research studies that he presented at several international conferences. He has also completed a Graduate Diploma in Health Professional Education in 2014 to enhance his skills in teaching and assessment of student learning and contributed to various faculty development activities organized by the university.

As an individual he takes pride in excelling in any task given to him; he is always willing to take responsibility; his good interpersonal skills makes him easy to get along with among his mentors and peers; and make him approachable and popular among students. He has led many extramural student centered activities from time to time.

He was appointed as the Associate Dean of College of Graduate Studies in January 2016 and Chair of its College Council. In this capacity he managed the overall administration of all the Masters programs. He has been an active participant as a Member of the Academic Council of the Gulf Medical University and the various standing committees including the Curriculum, Research and Assessment Committees.

It gives me great pleasure to recommend Dr. Anoop Kumar Agarwal in his future endeavors commensurate with his qualifications and experience. He will truly be an asset to any institute he joins. I wish him all the best.

To Whom It May Concern

This is to certify that Dr. Anoop K Agarwal joined this institution from 7<sup>th</sup> January 1993 as Lecturer in the department of Pharmacology and subsequently promoted to the post of Reader on 11<sup>th</sup> July 1993. He continued as Reader till 20<sup>th</sup> May 2006 including one year study leave during 2005-06. He was actively involved in teaching MBBS, BDS and Nursing Students during this tenure. He also supervised MD students in Pharmacology and other departments for their thesis work. He was involved with medical education activities in the institution. He has presented papers in the International & National conferences and also published his work in Indian & Foreign Journals. He had been appointed as examiner by the various universities for undergraduate and postgraduate examinations.

During his stay we found him hardworking, cooperative and sincere in his work. I am confident he will be an asset for any organization/institution wherever he works. We wish him all success in his future endeavors.
