REGULATIONS / DIRECTIVE FOR BANNING RAGGING & ANTI-RAGGING MEASURES

1. AIM, TERM of reference:

- **Aim:**
 - To maintain '**RAGGING FREE CAMPUS**' status of the institution by preventing any type of ragging activity. The institution has adopted rigorous anti-ragging measures and provisions to curb the menace of ragging.
- **Terms of Reference:**
 - The Hon'ble Supreme Court of India Judgement (based on Raghavan Committee Recommendations)
 - UGC Regulations, 2009

2. What constitutes Ragging?

Ragging is any disorderly conduct, whether by words spoken or written, or by an act which has the effect of teasing, treating or handling with rudeness any student, indulging in rowdy or undisciplined activities which cause or are likely to cause annoyance, hardship or psychological harm or to raise fear or apprehension thereof in a fresher or a junior student and which has the effect of causing or generating a sense of shame or embarrassments of as to adversely affect the psyche of a fresher or any other student.

Various types of ragging: The Raghvan Committee constituted by the Hon'ble Supreme Court has, inter alia, mentioned the following types of ragging:-

1. Ragging has several aspects with, among others, psychological, social, political, economic, cultural, and academic dimensions.
2. Any act that prevents, disrupts or disturbs the regular academic activity of a student should be considered within the academics related aspect of ragging; similarly, exploiting the services of a junior student for completing the academic tasks assigned to an individual or a group of seniors is also an aspect of academics related ragging prevalent in many institutions, particularly in the professional institutions in medicine.
3. Any act of financial extortion or forceful expenditure burden put on a junior student by senior students should be considered an aspect of ragging for ragging economic dimensions.

4. Any act of physical abuse including all variants of it sexual abuse, homosexual assaults, stripping, forcing obscene and lewd acts, gestures, causing bodily harm or any other danger to health or person can be put in the category of ragging with criminal dimensions.
5. Any act or abuse by spoken words, emails, snail-mails, public insults should be considered within the psychological aspects of ragging. This aspect would also include deriving perverted pleasure, vicarious or sadistic thrill from actively or passively participating in the discomfiture to others; the absence of preparing fresher's in the run up to their admission to higher education and life in hostels also can be ascribed as a psychological aspect of ragging-coping skills in interaction with seniors or strangers can be imparted by parents as well. Any act that affects the mental health and self-confidence of students also can be described in terms of the psychological aspect of ragging.
6. The political aspect of ragging is apparent from the fact that incidents of ragging are low in institutions which promoted democratic participation of students in representation and provide an identity to students to participate in governance and decision making within the Institute bodies.
7. The human rights perspective of ragging involves the injury caused to the fundamental right to human dignity through humiliation heaped on junior students by seniors; often resulting in the extreme step of suicide by the victims.
