

2.2.3. Institution facilitates innate talent / aptitude of individual students (extramural activities/beyond the classroom activities such as student clubs, cultural societies, etc.)

Response:

SDCRI focuses mainly on academics, at the same time due importance is given to extramural activities; both indoor and outdoor sports. SDCRI has an Student welfare Committee ensuring that students take active participation in academic, sports & cultural activities inside as well as outside the college campus. Our college, through the robust committee, namely the "Student welfare Committee" including various staff members encourages students to present scientific papers & posters, participate in sports and cultural events at individual level; academic, sports/ cultural at inter college, national or state level. The Institutional Research Cell (RC) & Institutional Ethics Committee (EC) ensures the standard of each scientific studies and presentations. Numerous national and state level participation for academics, sports and cultural events are proof of excellence.

Our students show interest in various competitions within the college mainly painting, poster-making, collage making, rangoli etc. Various departments also organise interactive and new ideas for showcasing student's creativity with competitions like-Save Planet for children on 'Children day celebration' held by Department of Paediatric & Preventive Dentistry and Teeth arrangement, quiz, poster and carving competition held by Prosthodontics Department. On the 'Conservative & Endodontics Day', cooking without fire competition, amalgam carving competition, dental quiz competition and best out of waste held by the Department of Conservative Dentistry and Endodontics. On 'World No tobacco Day', poster making was held by the oral medicine and radiology department. On the 'Periodontics Day', flower arrangement competition, head gear contest, poetry competition was held by the department of periodontology and oral implantology. On the 'Orthodontics Day' competitions on meme making, wire bending, competition of kavyostav- a new age poetry competition by the department of orthodontics. Conferences, seminar, CDE, workshop, debate, guest lectures are held by the department of oral pathology.

Students participate in various indoor and outdoor games within the college campus, such as Table Tennis, Football, Cricket and Badminton for which the college has provided designated playing areas and courts. The college organizes "Sports Week" and "Cultural Week" annually, in which all students and faculty participate whole-heartedly. Each batch, takes upon themselves to bring laurels to their peers and carry forward the legacy left behind by their seniors.

The SDCRI also has a well-maintained Gymnasium with a trained gym trainer. Students and faculties are free to use these facilities to increase their physical fitness. The students are also provided with proper training in yoga through an eminent yoga trainer in the college premises in order to alleviate the stress, to improve physical and psychological fitness and to reduce the conflict. The development of a student as a whole is one of the principles of the institution, and the entire academic, extramural, sports enables one to attain all dimensions of personal, social, intellectual, emotional, physical and psychological development. SDCRI is known for an amazing campus life.
