7	34	Maintenance	17/BDS/024	Final Year Regular	16-07-2021	9521563916	Regarding unhygienic mess services	<p>. It's a daily problem that there is constant bad smell from the tea and also we found 2 houseflies in it. The plates are not well clean. . The chapatis are kept in the box and they are always cold but if we say it to the mess workers to make new they say that chapatis are already in the box and we have to eat them even if they are cold and stiff. . They never give the amount of curd we ask for. . They always cook there food separately be it chapati, tea or vegetables and that's are way better than what they provide us. - mess workers separate the rice and other stuffs for themselves and then start to give us. - we saw the head of mess bringing eggs on Tuesday and next morning they said that eggs are supposed to be given from next week. Moreover we aren't getting eggs from 3 and half months. I hope my complaints will be taken seriously</p>	solved

I have my health issues as my body is hypothermic so I can't live in so much heat. I even went to Mr. Suraj Aggarwal and Dr. Sandeep regarding the A. C. I. After 2 weeks the A. C was installed but in a very poor condition. The A. C was not working. Mr. Vikas was informed repeatedly regarding the condition of A. C but no action was taken. Yesterday there was some short circuit in the A. C and spark was there. With God's grace nothing happened but there was a lot of burning smell coming from there. Even there was 5 inches gap all around the A. C through which mosquitoes come. Nobody is listening to our complaints. There is a lot of misbehaviour by Mr. Vikas. Kindly take some action as it is know affecting my health and it has become very difficult to stay here without A. C. I am attaching the images of the A.
