

PUBLICATIONS OF DEPARTMENT OF CONSERVATIVE DENTISTRY AND ENDODONTICS

S.No.	Faculty Name & Designation	Name of the Journals	Category I / II	Authorship (1 st / 2 nd / 3 rd etc.)	Year of Publication	Points
1.	Dr. Neetu Jindal	1. Management of Acute Dental trauma – Avulsion and Extrusive Luxation : A Case Report (Journal of Clinical and Diagnostic Research vol 4 2010)	I	2 nd	2010	7.5
	HOD & Professor	2. Effect of different placement techniques on marginal microleakage of deep class-II cavities restored with two composite resin formulations (Journal of Conservative Dentistry-2010 Volume 13 Issue 1 Page 9-15)	I	4 th	2010	7.5
		3. An Aesthetic Alternative- Tooth Fragment Reattachment- A case report (JCDR doi: 1014 (published on line first 13 th June 2010)	I	1 st	2010	15
		4. Endodontic consideration for the usage of drugs in pregnant mothers. (Journal of Clinical and Diagnostic Research) Vol 4 2010	I	3 rd	2010	7.5
		5. Xerostomia- Clinical Manifestation and its Management (BFUDJ, Vol 2 Number 2 October, 2011)	I	1 st	2011	15
		6. Restoring Normal Occlusion and Function In A Severely Attrited, Out Dentition – A Case Report (The Internet Journal of Dental Science – 2011 vol. 9, No. 2 Page 1 to6)	I	3 rd	2011	7.5
		7. Surgical Extrusion of Intruded mature permanent central incisor with a splinting length of four weeks : Report of a case with one year follow up. (The journal of Dentistry Vol 7 No. 1 2011)	II	1 st	2011	5

		8. Fracture resistance of Endodontically treated premolars by various restorative materials – An Invitro study (Indian Journal of Dental Sciences Page no. 7 to 11	I	1 st	2011	15
		9. Root extrusion, A practical solution in complicated crown root incisor fracture- A case Report. BFUDJ VOL 3,NO.1 Feb 2012.	I	4 th	2012	7.5
		10. Restore The Natural: Hemisection as an alternative treatment for decayed mandibular molar. JOUD, Jan – june2013 ; 2 (1) : 24-27.	II	3 rd	2013	2.5
		11. Pre-endodontic core build-up treatment options for management of badly mutilated tooth:casereport.JOUD Jul-Dec 2013,14-15.	II	3 rd	2013	2.5
		12. Furcal perforation- A case report. Clinical Dentistry, Mumbai. March 2013; 17-19	II	3 rd	2013	2.5
		13. Surgical management of infected radicular cyst with recurrent intraoral sinus- A case report. JOUD mar- Apr 2014;3(1):24-6	II	3 rd	2014	2.5
		14. Biological Restoration-A case report .JOUD July-Dec 2014;3(2):25-26	II	3 rd	2014	2.5
		15. Management of blunderbuss canal-a case report. JOUD July-Dec 2014; 3(2): 31-32	II	3 rd	2014	2.5
		16. Comparative evaluation of the amount of debris and irrigants extruded apically by different irrigating needles-an in-vitro study. Journal of advanced Medical and Dental sciences Research Jan-Mar 2015;3(1):45-50	II	1 st	2015	5
		17. Immediate single visit natural tooth pontic: a case report. Int J Dent HEALTH Sci 2015;2(1):241-247	II	3 rd	2015	2.5

		18. Reconstruction of a non-vital tooth with direct fibre re-inforced composite resin.JOUD, July- dec 2015,4(2),31-33	II	3 rd	2015	2.5
		19. A combined approach to restore a fractured tooth.reattachment and composite veneering.JOUD,july-dec,2015,4(2),44-45	II	3 rd	2015	2.5
		20. Comparitive Evaluation of effect of different enamel preparations on fracture resistance of composite resin buildup of fractures involving dentine in anterior human teeth.JOUD 2015	II	3 rd	2015	2.5
		21. A comparative evaluation of antibacterial efficacy of conventional and herbal intracanal medicaments against enterococcus faecalis,streptococcusmutans and staphylococcus aureus.National research denticon,vol 4,no-2, april- june 2015	I	4 TH	2015	7.5
		22. Comparative evaluation of different mouth washes on microhardness of different composites. An in-vitro study.National research Denticon vol.4,no.4,oct- dec 2015	I	2nd	2015	7.5
		23. Comparative evaluation of effects of two dentin desensitizers on shear bond strength of acetone and ethanol based adhesive systems in dry, moist and rewetted conditions-An in-vitro study.National Research Denticon,vol-4,no-4,oct-dec2015.	I	3 rd	2015	7.5
		24. An evaluation of antibacterial efficacy of conventional intracanal medicaments and medicated guttapercha points at different time intervals against E.Faecalis : an in – vitro study.European Journal Of Biomedical And Pharmaceutical Sciences.2016,vol 3.issue 4,219-225.	I	1 st	2016	15
		25. The incidence of dentinal microcracks caused by hand versus different rotary instruments after biochemical preparation :an in –vitro study.World journal of pharmaceutical and Life sciences,2016,vol 2, issue 2,145-153	I	1 ST	2016	15
		26. An invitro comparative evaluation of sealing ability of resin modified glass inomer cement, mineral trioxide aggregate and biodentine as a furcation repair material: Analysis by confocal laser microscopy.JDMS,VOL 15,Issue 3,mar 2016,pp 26-30	I	3 RD	2016	7.5

		27. Apical extrusion of debris and irrigants: An unavoidable and inherent occurrence during root canal treatment: A Literature Review. JDMS VOL 15,ISSUE 3,MAR 2016, PP 16-20.	I	3 RD	2016	7.5
		28. A comparative evaluation of water absorption of three different esthetic restorative materials- an in vitro study.JDMS,VOL 15,issue 3, mar 2016, pp21-24	I	3 RD	2016	7.5
		29. Diastema closure with all ceramic restorations : a case report .ejbps,2016,vol 3,issue3, 595-597.	I	3 RD	2016	7.5
		30. Comparison of the cleaning efficacy of various rotary files protape runiversal ,hero shaper, revo-s and mtwo systems in the paical third of oval shaped canals.ejbps,2016,vol3,issue 3,151-155	I	3 RD	2016	7.5
		31. Restoration of lost tooth structure of endodontically treated molar with horizontal glass fibre post. A case report.JOUD ,Jan-june 2016, vol5(1),40-42	II	3rd	2016	2.5
		32. A comparative evaluation of shear bond strength of three adhesive systems to white mineral trioxide aggregate with different time intervals and mode of fracture using Stereomicroscope- an in vitro study.National Research Denticon, vol-5,no-2 april-june 2016	I	3 rd	2016	7.5
		33. A comparative evaluation of a manual and three rotary NiTi retreatment systems in removing gutta-percha obturated with three different root canal sealers using stereomicroscope-an in vitro study. National Research Denticon, vol-5,no-2 april-june 2016	I	2 nd	2016	7.5
		34. A comparative evaluation of the effects of endodontic irrigation solutions on the microhardness of root canal dentin- an invitro study. National Research Denticon, vol-5,no-2 april-june 2016.	I	3 rd	2016	7.5
		35. Triple antibiotic paste,apexum and apexification procedure assisted non-surgical healing of large periapical lesion: A case report with 2 year follow up. J Clin Den Res Edu,jan-April 2018	III	3rd	2017	2.5
		36. Resect to restore and a ray of hope for the hopeless tooth-hemisection of mandibular molar:a case report. J Clin Den Res Edu,jan-April 2018,44-48	III	3rd	2018	2.5

		37. Evaluation of different irrigation techniques for the removal of triple antibiotic paste from root canals- an invitro study. J Clin Den Res Edu,jan-April 2018	III	3rd	2018	2.5
		38. CBCT evaluation for abberent canal morphology of mandibular premolar and its management; a series of three case reports.. J Clin Den Res Edu,jan-April 2018	III	3rd	2018	2.5
		39. Maxillary first molar with six root canals- a rare entity. J Clin Den Res Edu.July- Dec 2018.	III	3rd	2018	2.5
		40. Management of grossly decayed tooth by single visit MTA apexification and anatomic fiber post: a case report. J Clin Den Res Edu July- Dec 2018	III	3rd	2018	2.5
		41. An endodontist enigma solved: two rooted mandibular first premolar with three canals: case report. J Clin Den Res Edu July- Dec 2018	III	3rd	2018	2.5
		42. An institutional survey for self awareness and knowledge based assessment in temporomandibular joint disorders among dental students. J Clin Den Res Edu July- Dec 2018	III	3rd	2018	2.5
		43. Awareness about ergonomicsamong dental studentsand dental practitioners. J Clin Den Res Edu July- Dec 2018	III	3rd	2018	2.5
		44. An endodontic challenge- multidisciplinary approach in the management of intricate two rooted maxillary lateral and impacted canine with associated cyst- a rare case report.. J Clin Den Res Edu July- Dec 2018	III	3rd	2018	2.5
		45. An invitro comparative evaluation of the sealing ability of five different root end filling materials using high copper amalgam, resin modified glass ionomer cement, cermet cement, mineral trioxide aggregate and biodentine: An analysis by Confocal Laser Microscopy. National Research Denticon, vol-7,no-1, Jan.- June,2018	II	3rd	2018	5
		46. A comparative study of working length determination by different methods- An invitro study. National Research Denticon, vol-7,no-1, Jan.-June,2018	II	3rd	2018	5

		47. A comparative evaluation of fracture resistance of endodontically treated teeth obturated with tubli seal and gutta-percha, AH plus and gutta –percha, Roekoseal and gutta-percha and Realseal SE Sealer and RealSeal Cone- An invitro Study. National Research Denticon, vol-7,no-1, Jan.- June,2018	II	3rd	2018	5
		48. A comparative stereomicroscopic evaluation of dentinal microcracks using different hand and rotary file systems- an invitro study. National Research Denticon, vol-7,no-1, Jan.-June,2018	II	3rd	2018	5
		49. An invitro comparative evaluation of effect of different finishing and polishing systems on surface roughness of four esthetic restorative material-Giomer, Compomer and two composite resins- A profilometric analysis. National Research Denticon, vol-7,no-1, July- Dec,2018	II	3rd	2018	5
		50. A comparative stereomicroscopic evaluation of microleakage of Class V cavities restored with different aesthetic restorative materials. National Research Denticon, vol-7,no-1, July- Dec,2018	II	3rd	2018	5
		TOTAL POINTS				302.5
2.	Dr. Renu Aggarwal	1. Endodontic consideration for the usage of drugs in pregnant mothers. (Journal of Clinical and Diganostic Research) Vol 4 2010	I	1 st	2010	15
		3. Management of Acute Dental trauma – Avulsion and Extrucive Luxation : A Case Report (Journal of Clinical and Diganostic Research vol 4 2010)	I	3 rd	2010	7.5
		4. Xerostomia- Clinical Manifestation and its Management (BFUDJ, Vol 2 Number 2 October, 2011)	I	5 th	2011	7.5
		5. Unusal anatomy of maxillary first molar with two palatal roots- confirmed with Computed Tomography:A case report.IJRD issue2,2013,91-94.	II	1 st	2013	5

		6. Comparative evaluation of fracture resistance of various post system using different luting agents under tangential loading. Journal of Oral biology and Craniofacial research, 3(2013) pg 63-67	I	6 TH	2013	7.5
		7. Locating The hidden treasures in endodontics: Radix entomolaris: An Overview and A case report. Indian Journal of Dental Sciences. Vol. 5(5) dec. 2013. 98-100	I	2 nd	2013	7.5
		8. A Cephalometric evaluation of cases treated by fixed and functional appliances. J Clin Den Res Edu. July- Sept. 2013 Vol 2 (4). 27-34	I	4 th	2013	7.5
		9. Aesthetic rehabilitation of bilateral fusion of maxillary lateral incisor with canine and both maxillary central incisors- A case report. BFUDJ vol4 (3) oct. 2013.	I	2 nd	2013	7.5
		10. Antibiotic considerations in implant dentistry. BFUDJ vol4 (3) oct. 2013; 44-6	I	3 rd	2013	7.5
		11. Surgical management of infected radicular cyst with recurrent intraoral sinus- A case report. JOUD mar- Apr 2014; 3(1): 24-6	II	4 th	2014	2.5
		12. Unusual Mandibular first premolar with two roots and three canals. J Clin Den Res Edu. Jan – Mar 2014; 70-2	I	1 st	2014	15
		13. Combined Nonsurgical and Surgical Endodontic Therapy in the treatment of Dens in Dente Type III with MTA Retroseal- A case report. Indian Journal of Dental Sciences. Vol. 6(1) Mar. 2014; 105-07	I	4 th	2014	7.5
		14. Biological Restoration- A case report. JOUD July-Dec 2014; 3(2): 25-26	II	4 th	2014	2.5
		15. Management of blunderbuss canal- a case report. JOUD July-Dec 2014; 3(2): 31-32	II	4 th	2014	2.5

		16 An Interdisciplinary approach for restoring and function esthetics in a patient with worn out dentition: A clinical report I J Pre Clin Dent Res 2014;1(2); 64-67	I	4 th	2014	7.5
		17. Immediate single visit natural tooth pontic: a case report. Int J Dent HEALTH Sci 2015;2(1):241-247	II	4 th	2015	2.5
		18. Comparative evaluation of the amount of debris and irrigants extruded apically by different irrigating needles-an in-vitro study. Journal of advanced Medical and Dental sciences Research Jan-Mar 2015;3(1):45-50	II	4 th	2015	2.5
		19. Mouth Ulcers: A study where members of general population might seek advice; An indian scenario J Cli Den Res Edu. Jan – Mar 2015	I	5 th	2015	7.5
		20. Reconstruction of a non-vital tooth with direct fibre re-inforced composite resin.JOUD, July- dec 2015,4(2),31-33	II	4 TH	2015	2.5
		21. A combined approach to restore a fractured tooth .reattachment and composite veneering.JOUD,july-dec,2015,4(2),44-45	II	2 ND	2015	2.5
		22. Comparitive Evaluation of effect of different enamel preparations on fracture resistance of composite resin buildup of fractures involving dentine in anterior human teeth.JOUD 2015	II	4 TH	2015	2.5
		23. Comparative evaluation of effects of two dentin desensitizers on shear bond strength of acetone and ethanol based adhesive systems in dry, moist and rewetted conditions-An in-vitro study.National Research Denticon,vol-4,no-4,oct-dec2015.	I	4 th	2015	7.5
		24. Comparative evaluation of different mouth washes on microhardness of different composites. An in-vitro study.National research Denticon vol.4,no.4,oct- dec 2015	I	4 th	2015	7.5
		25. An evaluation of antibacterial efficacy of conventional intracanal medicaments and medicated guttapercha points at different time intervals against E.Faecalis : an in –vitro study.European Journal Of Biomedical And Pharmaceutical Sciences.2016,vol 3.issue 4,219-225.	I	4 TH	2016	7.5

		26. The incidence of dentinal microcracks caused by hand versus different rotary instruments after biochemical preparation :an in –vitro study. World journal of pharmaceutical and Life sciences,2016,vol 2, issue 2,145-153	I	4 TH	2016	7.5
		27. An invitro comparative evaluation of sealing ability of resin modified glass inomer cement, mineral trioxide aggregate and biodentine as a furcation repair material: Analysis by confocal laser microscopy.JDMS,VOL 15,Issue 3,mar 2016,pp 26-30	I	4 TH	2016	7.5
		28. Apical extrusion of debris and irrigants: An unavoidable and inherent occurrence during root canal treatment: A Literature Review. JDMS VOL 15,ISSUE 3,MAR 2016, PP 16-20.	I	4 TH	2016	7.5
		29. A comparative evaluation of water absorption of three different esthetic restorative materials- an in vitro study .JDMS,VOL 15,issue 3, mar 2016, pp21-24	I	4 TH	2016	7.5
		30. Diastema closure with all ceramic restorations : a case report .ejbps,2016,vol 3,issue3, 595-597.	I	4 TH	2016	7.5
		31. Comparison of the cleaning efficacy of various rotary files protaper universal, hero shaper, revo-s and mtwo systems in the paical third of oval shaped canals.ejbps,2016,vol3,issue 3,151-155	I	4 TH	2016	7.5
		32. Restoration of lost tooth structure of endodontically treated molar with horizontal glass fibre post. A case report.JOUD ,Jan-june 2016, vol5(1),40-42	II	4th	2016	2.5
		33. A comparative evaluation of shear bond strength of three adhesive systems to white mineral trioxide aggregate with different time intervals and mode of fracture using Stereomicroscope- an in vitro study.National Research Denticon, vol-5,no-2 april-june 2016	I	4 th	2016	7.5
		34. .A comparative evaluation of the effects of endodontic irrigation solutions on the microhardness of root canal dentin- an invitro study. National Research Denticon, vol-5,no-2 april-june 2016.	I	4 th	2016	7.5
		35. Triple antibiotic paste,apexum and apexification procedure assisted non-surgical healing of large periapical lesion: A case report with 2 year follow up. J Clin Den Res Edu,jan-April 2018	III	4th	2017	2.5

		36. Resect to restore and a ray of hope for the hopeless tooth-hemisection of mandibular molar:a case report. J Clin Den Res Edu,jan-April 2018,44-48	III	4th	2018	2.5
		37. ..Evaluation of different irrigation techniques for the removal of triple antibiotic paste from root canals- an invitro study. J Clin Den Res Edu,jan-April 2018	III	4th	2018	2.5
		38. ..CBCT evaluation for abberent canal morphology of mandibular premolar and its management; a series of three case reports	III	4th	2018	2.5
		39. Maxillary first molar with six root canals- a rare entity. J Clin Den Res Edu.July- Dec 2018.	III	4th	2018	2.5
		40. Management of grossly decayed tooth by single visit MTA apexification and anatomic fiber post: a case report. J Clin Den Res Edu July- Dec 2018	III	4th	2018	2.5
		41. An endodontist enigma solved: two rooted mandibular first premolar with three canals: case report. J Clin Den Res Edu July- Dec 2018	III	4th	2018	2.5
		42. An institutional survey for self awareness and knowledge based assessment in temporomandibular joint disorders among dental students. J Clin Den Res Edu July- Dec 2018	III	4th	2018	2.5
		43. Awareness about ergonomicsamong dental studentsand dental practitioners. J Clin Den Res Edu July- Dec 2018	III	4th	2018	2.5
		44. An endodontic challenge- multidisciplinary approach in the management of intricate two rooted maxillary lateral and impacted canine with associated cyst- a rare case report.. J Clin Den Res Edu July- Dec 2018	III	4th	2018	2.5
		45. An invitro comparative evaluation of the sealing ability of five different root end filling materials using high copper amalgam, resin modified glass ionomer cement, cermet cement, mineral trioxide aggregate and biodentine: An analysis by Confocal Laser Microscopy. National Research Denticon, vol-7,no-1, Jan.- June,2018	II	4th	2018	5
		46. A comparative study of working length determination by different methods- An invitro study. National Research Denticon, vol-7,no-1, Jan.-June,2018	II	4th	2018	5

		47. A comparative evaluation of fracture resistance of endodontically treated teeth obturated with tubli seal and gutta-percha, AH plus and gutta –percha, Roekoseal and gutta-percha and Realseal SE Sealer and RealSeal Cone- An invitro Study. National Research Denticon, vol-7,no-1, Jan.- June,2018	II	4th	2018	5
		48. A comparative stereomicroscopic evaluation of dentinal microcracks using different hand and rotary file systems- an invitro study. National Research Denticon, vol-7,no-1, Jan.-June,2018	II	4th	2018	5
		49. An invitro comparative evaluation of effect of different finishing and polishing systems on surface roughness of four esthetic restorative material-Giomer, Compomer and two composite resins- A profilometric analysis. National Research Denticon, vol-7,no-1, July- Dec,2018	II	4th	2018	5
		50. A comparative stereomicroscopic evaluation of microleakage of Class V cavities restored with different aesthetic restorative materials. National Research Denticon, vol-7,no-1, July- Dec,2018	II	4th	2018	5
		Total points			317.5	
3.	Dr. Kanika Aggarwal	1. Trigeminal Neuralgia: Etiopathogenesis,Diagnostic criteria and treatment modalities- A Review.Journal of advanced medical sciences 2013;1(2): 106-111.	I	6th	2013	7
	READER	2. Bidirectional relationship between diabetes and periodontitis- A review. Journal of Bioscience and Informatics,vol:5, issue1,2013	I	4th	2013	7
		3. Primary oral malignant melanoma: a case report and review of literature.Medico-Legal Update, Jan-Jun 2014,vol 14,no 1	I	7th	2014	7
