

PUBLICATIONS OF DEPARTMENT OF ORTHODONTICS				
Faculty Name & Designation	Name of the Journals	Category I / II	Year of Publication	Points
!Dr.Eenal Bhambri (Professor & Head)	1.Early treatment of developing class III malocclusion with reverse twin block: A case report BFUDJ 2012;3:3.	II	2012	5
	2.The influence of drugs on orthodontic tooth movement- a review of literature. The Orthodontic Cyber Journal; August: 2013.	I	2013	15
	3.Congenital Unilateral Commissural Lip Pit: A rare case report. BFUDJ, Vol 4(2); 2013.	II	2013	5
	4.Iatrogenic effects in orthodontics. Journals of Updates in Dentistry; Vol 2 (2); 11-13: 2013.	III	2013	2.5
	5.Treatment correlation and prevalence of dental anomalies. Journals of Updates in Dentistry, Vol 3 (1); 1-3: 2014.	III	2014	2.5
	6.Bolton anterior tooth size discrepancy among class I and class II malocclusion groups in Sri Ganganagar Population. Journal of updates in dentistry 2014;3(2):1-4	III	2014	2.5
	7.Dens Evaginatus- A rare case report. Journals of Updates in Dentistry, July-December 2014;3(2):27-28	III	2014	2.5
	8.Co-relation between hand wrist maturation, CVMI, 2nd molar calcification stage and MP3 stage. Journal of Updates in Dentistry, January-June 2015;4(1):1-5	III	2015	2.5
	9.Correlation between five parameters for the assessment of sagittal skeletal intermaxillary relationship. Journal of Updates in Dentistry 2015; Vol 4(2):4-6.	III	2015	2.5

	10. Correlation of skeletal deep bite using a surgery first approach: A case report. Journal of Updates in Dentistry 2016; Vol 5(1):36-37.	III	2016	2.5
	11. Myofunctional vs fixed functional: a comparative study of changes in airway dimension and hyoid bone position. Journal of Updates in Dentistry 2016; Vol 6(2):7-12	III	2016	2.5
	12. Space closure in orthodontics: a review of various methods Journal of Updates in Dentistry 2016; Vol 6(2):37-41.	III	2016	2.5
	13. Comparative evaluation of three mixed dentition analyses and formulation of regression equation for North Indian population: A cross sectional study; Biomed J 2015;38:450-455	I	2015	15
	14. Stem cells-Isolation, characterization and banking- part I, International Journal of Current Research , 8, (07), 34356-34359.	I II	2016	2.5
	15. Root Resorption in Orthodontics, BFUDJ, Vol 6; 2016-17:8-15.	II	2016	10
	16. Evaluation of enamel surfaces following interproximal reduction and polishing with different methods: A scanning electron microscope study. Indian Journal of Dental sciences 2017;9:153-9.	II	2017	10
	17. Epidemiology of malocclusion and assessment of orthodontic treatment need for the population of sriganagar. Journal of Updates in Dentistry 2017; Vol 7(1):12-15	III	2017	2.5
	18. Cleft Lip & Palate: A review Journal of Updates in Dentistry 2017; Vol 7(1):23-28	III	2017	2.5
	19. Medico-legal foresight: Where are we? Journal of Updates in Dentistry 2017; Vol 8(2):6-9	III	2017	2.5
	20. Self ligating brackets: A Review. International Healthcare Research Journal 2017;1(1):7-12.	III	2017	2.5

	21.Effect of different arch wire ligation methods on microbial flora and periodontal status on orthodontic patients: An invivo study. National res. denticon 2017;6(1):7-22	II	2017	10
	22.Change in air way dimension and hyoid bone position after functional appliance therapy: A cephalometric study National res. denticon 2017;6(1):36-47	II	2017	10
	23.The ex vivo effect of different ligation techniques on the frictionalresistance of stainless-steel brackets and arch wire National res. denticon 2017;6(1):48-57	II	2017	10
	24.The association between soft palate shape and need's ratio in various sagittal skeletal malocclusions: A digital lateral cephalometric study. Int J Orthod Rehab 2018	III	2018	5
	25.Lasers in Orthodontics. Int J Dis prev control 20168:1(1):1-5	III	2018	2.5
	26.Evaluation of soft palate morphology and need's ratio in patients with skeletal class I and class II with different growth patterns. Int J Current res 2018;9(11):75547-52	I II	2018	5
	27.Accelerated tooth movement: A review of various modalities. J updates dent:2018;8(1):36-43	III	2018	2.5
	28.Early treatment of growing skeletal class III malocclusion with facemask. J updates dent:2018;8(1):47-49	III	2018	2.5
	29.Comparison of conventional method of simultaneous intrusion and retraction of maxillary anterior: a finite element analysis. J orthod 2018;45:4:243-249	I	2018	15

	30.Lateral Photographs versus lateral cephalograms: role in assessment of craniofacial morphology. Int J Current res 2018;10(09):73343-47.	I	2018	15
	31.Evaluating the effect of low-level laser therapy on pain induced by orthodontic separation: a randomized split mouth clinical trial. Laser in dent sci2018;2(4):221-228	I	2018	15
	32.Reliability of frontal Sinus with Different variables in predicting different skeletal jaw relations. J cont orthod. 2018;2(2):48-56	I	2018	15
	33.Evaluation of stress pattern in periodontium and changes in inclination during en masse retraction: finite element analysis.J W Fed Orthod 2019;8(4):15358.	I	2019	15
	34.Comparative Evaluation of effects of different corticotomy Design on velocity of upper canine retraction : A finite element study.JIOS 2019;53(4):278-82.	I	2019	15
	35.Three dimensional finite element analysis to evaluate biomechanical effects of different alveolar decortications approaches on rate of canine retraction. International Orthodontics 2019;17:216-226.	I	2019	15
	36. Recent trends in Orthodontics. Journal of updates in Dentistry 2020;9(2):11-16	II	2020	2.5
	37. Lasers in orthodontics. Journal of updates in dentistry 2020;9(2):17-22	II	2020	2.5
	38. Management of Skeletal Class II div 1 malocclusion using Twin block with Headgear: A case report.	II	2020	2.5
	39. Recent advances in diagnostic aids in orthodontics.	II	2021	2.5
	40. Expression of torque & its effect on various biological structures caused by various archwire material: A 3D	II	2021	7.5

	FEM study. J Ind Orthod Soc 2022;1-8.			
	41. Enmasse retraction with TADS. Journal of Updates in Dentistry	II	2021	2.5
	42. Treatment of Class II malocclusion with a standard twin block appliance. Journal of Updates in Dentistry	II	2021	2.5
	43. Clear Aligner Therapy. Journal of Updates in Dentistry	II	2021	2.5
	44. Ortho Wires: Where are we? Journal of Updates in Dentistry	III	2022	2.5
	45. Effect of leukocyte platelet rich fibrin on the rate of canine movement- a prospective and randomized control trial. APOS Trends	I	2023	15
	46.. Lip prints can be used as an early indicator of different skeletal malocclusions! A prospective , single centre, observational study. Ind J Forens Med Path	I	2023	15
	47. Does platelet rich fibrin (L-PRF) cause long term acceleration in the rate of canine retraction? A split mouth, two- arm parallel group, randomized control trial. Dent Press J Orthod	I	2023	15
	48. A 3D finite element analysis of biomechanical effects on teeth and bone during true intrusion of posteriors using miniscrews. Int Orthod	I	2023	15
	TOTAL POINTS			340
2. Dr Gurpreet Singh (Reader)	1.Co-relation between hand wrist maturation, CVMI, 2nd molar calcification stage and MP3 stage. Journal of Updates in Dentistry, January-June 2015;4(1):1-5	III	2015	2.5
	2.Correlation between five parameters for the assessment of sagittal skeletal intermaxillary relationship. Journal of Updates in Dentistry 2015; Vol 4(2):4-6.	III	2015	2.5
	3.Space closure in orthodontics: a review of various methods. Journal of Updates in Dentistry 2016; Vol 6(2):37-41.	III	2016	5
	4.Effect of different arch wire ligation methods on microbial flora and periodontal status on orthodontic patients: An in-vivo study. National res. deticon 2017;6(1):7-22.	II	2017	10

	TOTAL POINTS			20
3. Dr. Varun Ahuja (Reader)	1.Epidemiology of malocclusion and assessment of orthodontic treatment need for the population of sriganaganagar. Journal of Updates in Dentistry 2017; Vol 7(1):12-15	III	2017	2.5
	2.Medico-legal foresight: Where are we? Journal of Updates in Dentistry 2017; Vol 8(2):6-9	III	2017	5
	3.The association between soft palate shape and need's ratio in various sagittal skeletal malocclusions: A digital lateral cephalometric study. Int J Orthod Rehab 2018	III	2018	2.5
	4.Evaluation of soft palate morphology and need's ratio in patients with skeletal class I and class II with different growth patterns. Int J Current res 2018;9(11):75547-52	I	2018	2.5
	5.Comparison of conventional method of simultaneous intrusion and retraction of maxillary anterior: a finite element analysis. J orthod 2018;45:4:243-249	I	2018	15
	6.Comparative Evaluation of effects of different corticotomy Design on velocity of upper canine retraction : A finite element study.JIOS 2019;53(4):278-82.	I	2019	15
	TOTAL POINTS			42.5
